DETAILED ACTION

1. This Office Action is a response to the communications dated 10/10/06. Claims 2-14, and 22-32 are pending in the application.

Allowable Subject Matter

2. Claims 2-14 and 22-32 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record (*applied in the previous Office Actions and additionally listed below*), considered in view of the previous communications and considered individually or in combination, fails to fairly show or suggest:

The claimed method for handling communication errors, comprising, among other things, novel and unobvious limitation of "*buffering data at a transmission server which transmits the intended group of packets and at receiver which receives the intended group of packets to support error correction by both retransmission at the transmission server and the forward error correction at the receiver and to allow for continuous play of the video signal at the receiver*", structurally and functionally interconnected with other limitations in a manner as recited in claims 2-14 and 22-24.

The claimed method for delivering video comprising, among other limitations, novel and unobvious limitation of "*buffering video data, retransmission data for implementing automatic repeat request and redundancy data for implementing forward error correction at a server and each of a plurality of receivers in the network to support error correction by both retransmission under the automatic repeat request and the*

forward error correction", structurally and functionally interconnected with other limitations in a manner as recited in claims 25-32.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
